

KLS Update

GLOSA

GLOSA now integrated with Navigation.

IVS and GLOSA on one platform across the UK

Unified Navigation, GLOSA and IVS speech guidance so there is no conflict.

Improved data feed from TRL.

TRL data in three locations Manchester, Bristol and Stoke

Traffic lights can be added anywhere very easily.

GLOSA locations

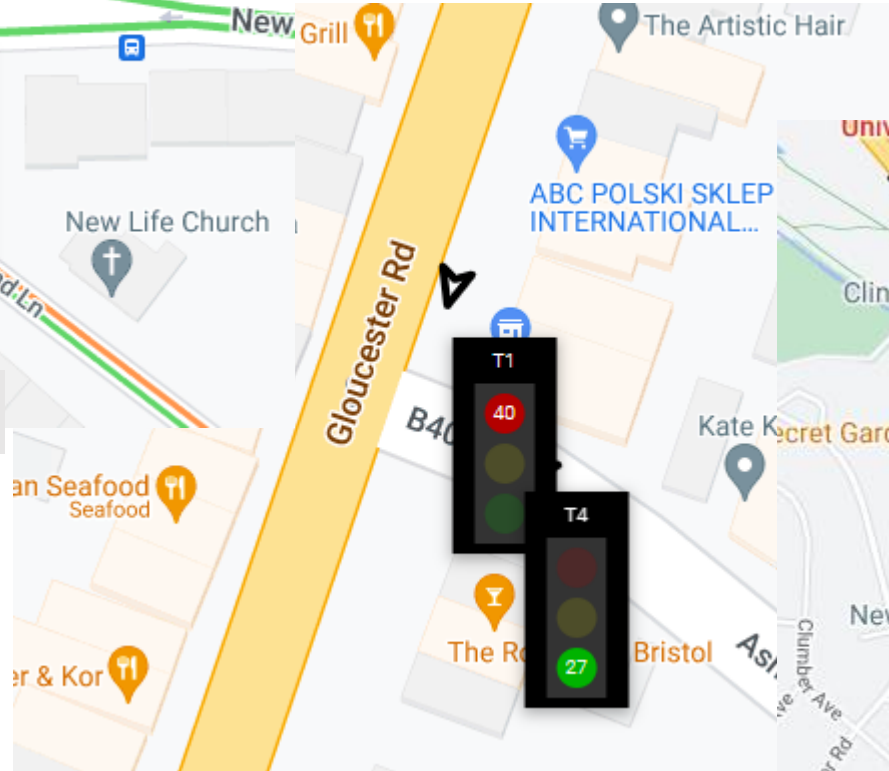

Manchester

Traffic Lights are geospatial objects alongside Virtual VMS and Gantries in one unified digital space.

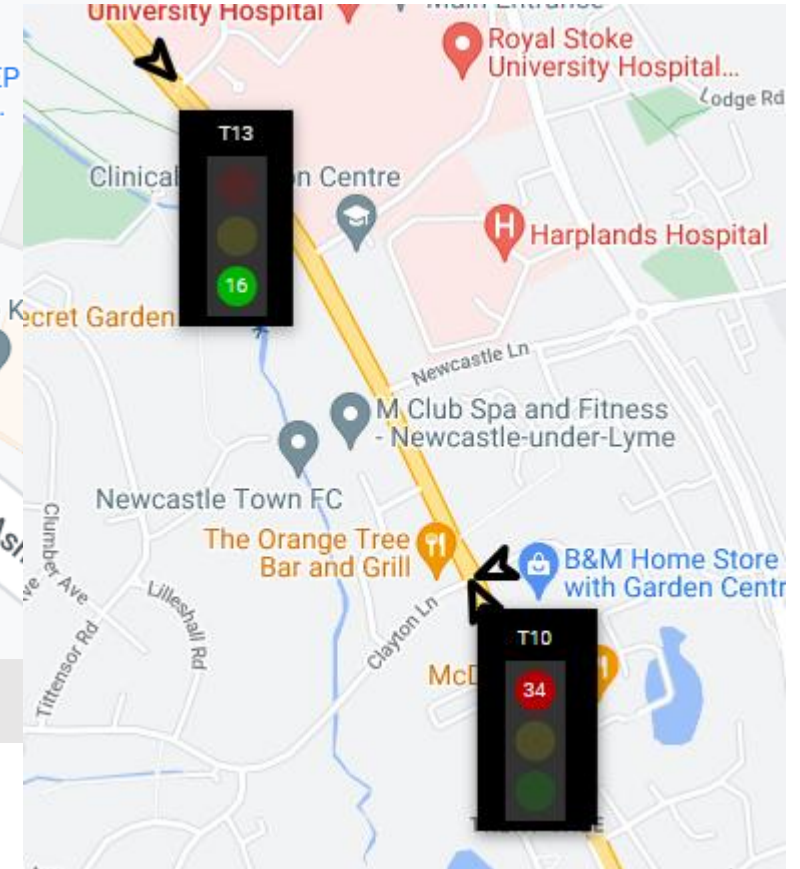

Do you have live data I could add?

- *State of lights Red/Green*
- *Time of Next Red*
- *Time of Next Green*

any format

Bristol

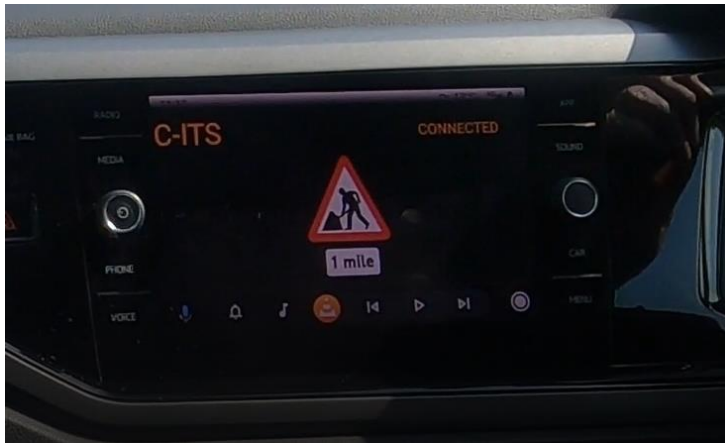

Stoke

More IVS into the Model

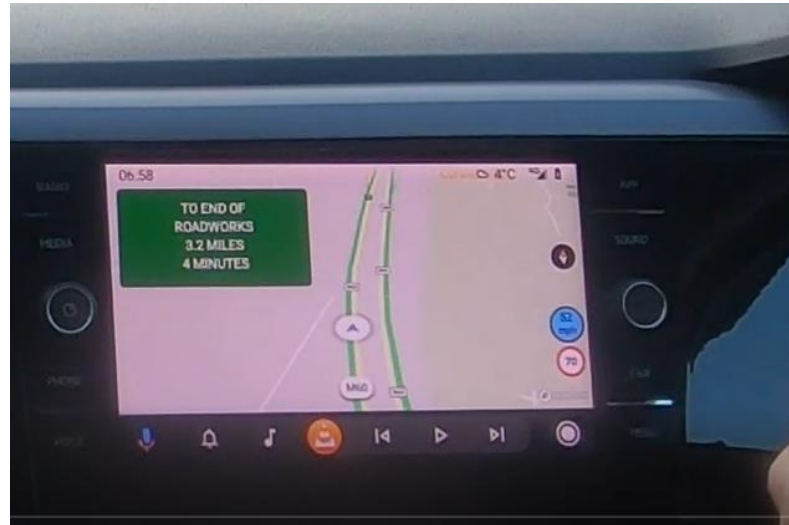

Digital Twin

HRS/TTF integration of HRS Digital Roadworks

Mobile VMS

Mobile Travel Time VMS integration with SRL

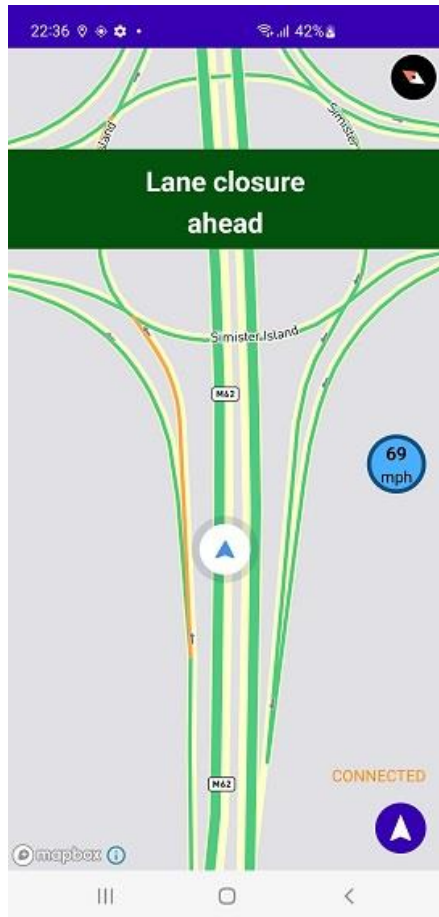

Gantries and Variable Speed

National Highways Variable Speed

Open Access IVS App

National Highways VMS M25, Manchester and Birmingham

Mapbox based free drive and Navigation with integrated National Highways IVS.

Open download on playstore.
