Our Improvement Journey...

Mufu Durowoju

Liverpool
City Council

Great City

- History
- Music - World Capital City of Pop
- Sport
- European City of Culture in 2018

Best Value Inspection Report

Max Caller CBE Report

Governance and practice

Decision making and actions

Resource at the top

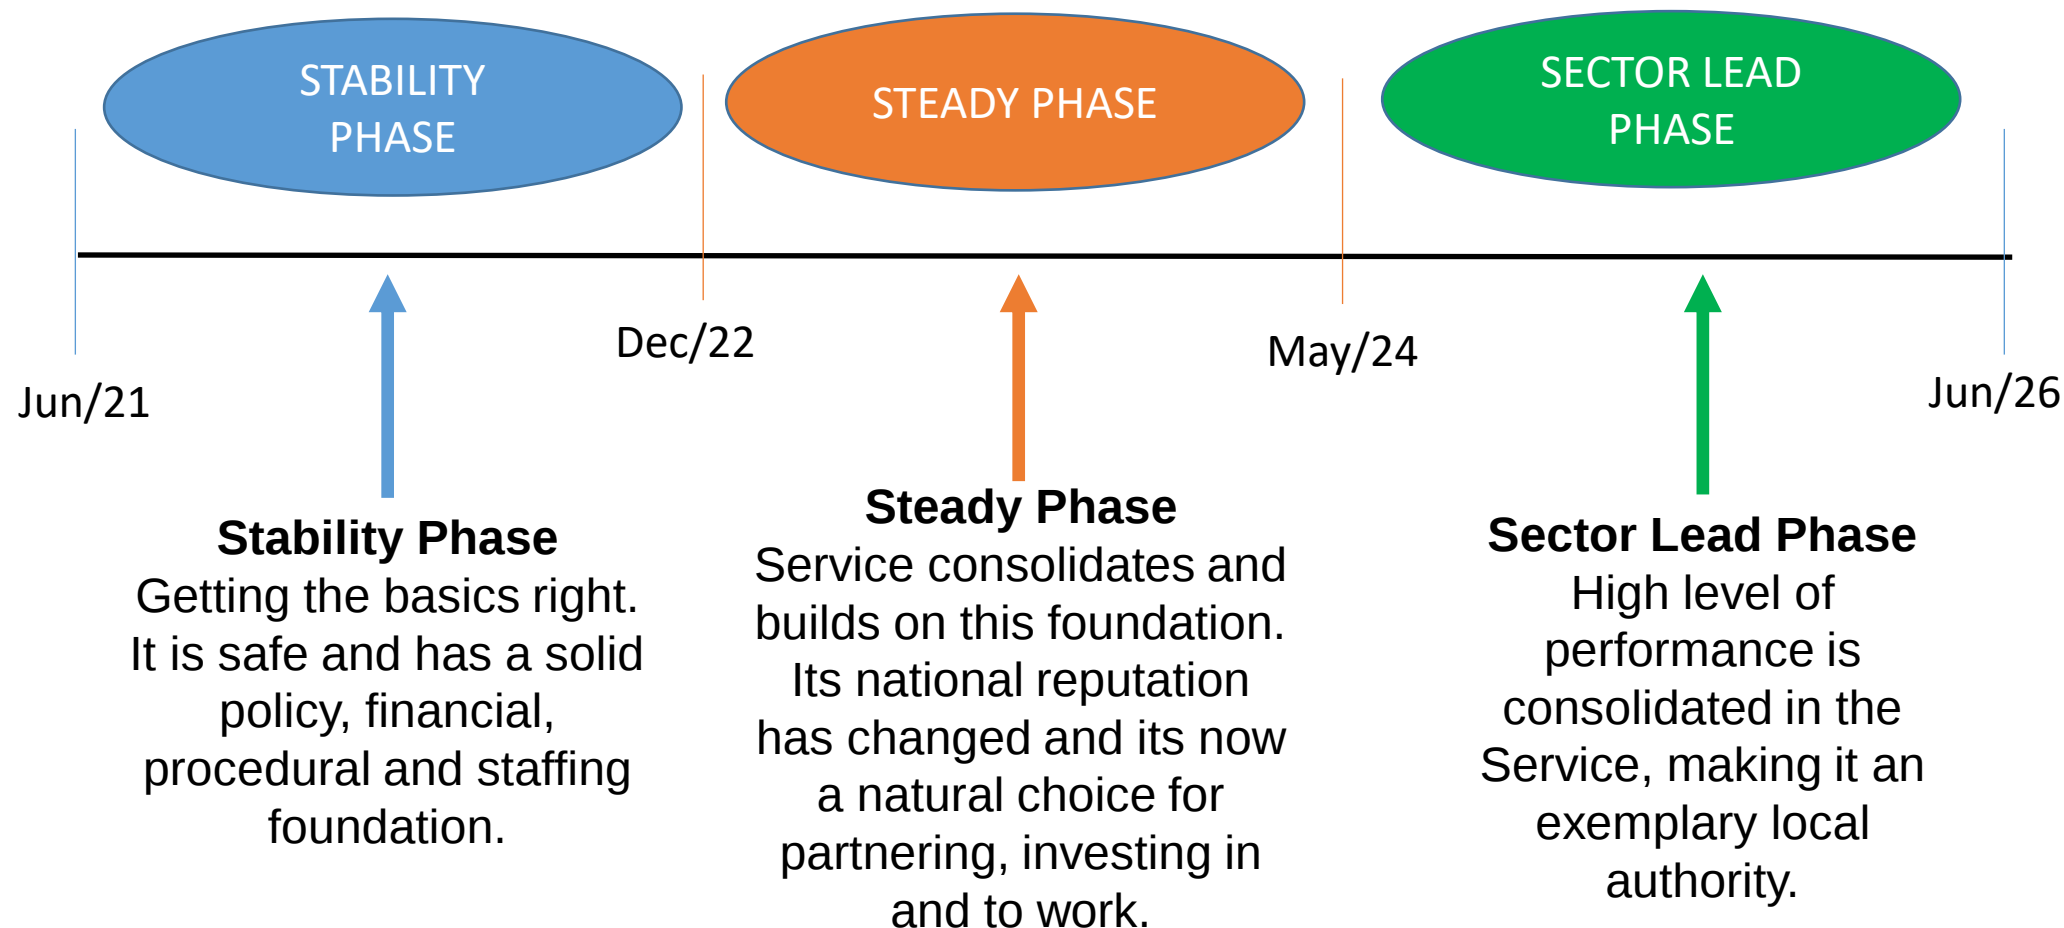

Compliance with statutory requirements

Understanding of declarations of interest
and hospitality registers

Highways & Transportation

Development Plan - Improvement Phases

Technology

- Data Collection
- Digitalisation of our TRO process
- Network management

Technology

280 traffic signal sites identified for LED retrofit

Around 250 controller changes required to facilitate LED technology

Air Quality Monitoring

Collaboration with the LCRCA

Introduction of 10 AQ
monitors across the KRN

Network Management

Looking Forward...

- Review of all VMS and CPG infrastructure
- Improve visibility across the network and where possible consolidate in locations through RGB technology

Connected vehicles and in car messaging
